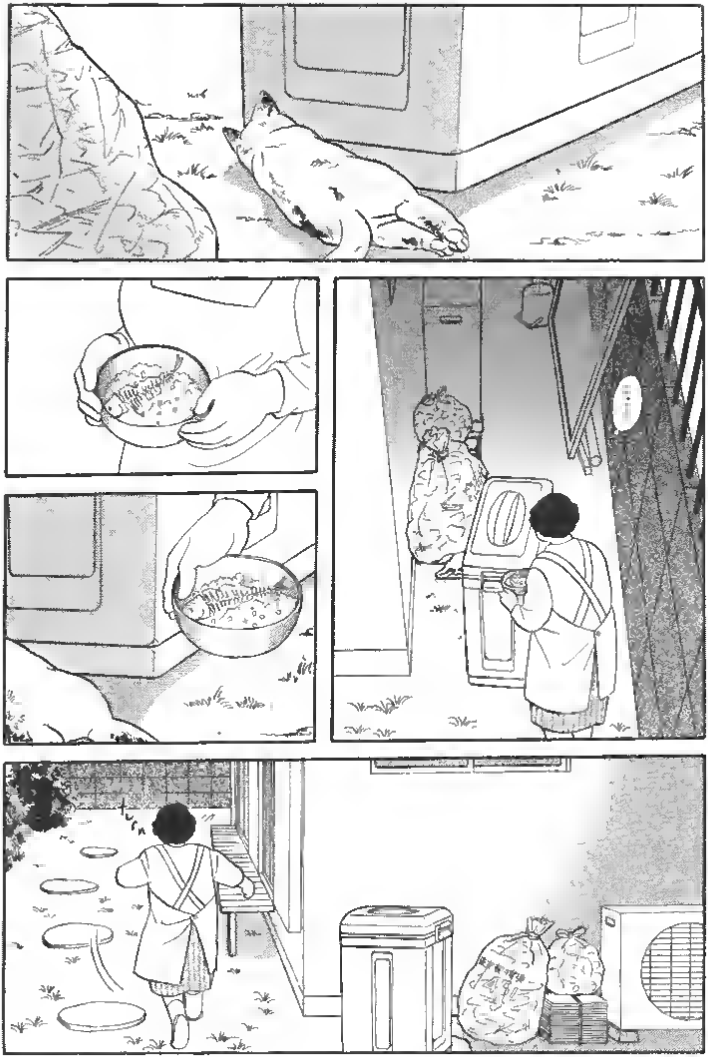
Um, hello. I'm calling about a dog
About a puppy
Yamanaka Animal Hospital
BIP
BEEP
No, it's not my dog
There's no collar He may be a stray dog...
I think it's been in an accident or something
He's covered in blood
It's not as if it's my dog.
It's not my dog
I see...
Well then, no thank you
No no, even if he recovers, there's no way I can take him in
Um! But I will pay for the medical fees



And have an easy journey to the next world.
I hope he will die painlessly.
He'll surely be dead by morning.
When I took HIM to the hospital he only suffered.
If he must die, I hope he goes quickly.
And endure multiple surgeries.
Made him take various medicines.
I made him undergo painful injections.
my husband was not saved.
And though he suffered and suffered and suffered,

All this, despite the fact that what he wanted
was to be allowed to die quietly and peacefully
Rub
quietly and peacefully
I called you a short while ago
Hello, is this Yamanaka Animal Hospital?
If he cannot be saved, I would like to have him put down
If I were to bring him in right now, could you examine him?
But... but if he can be saved...

I'll take care of him.
I will!
If he survives..
If he can be saved..
He is in your hands
Yes!
I'll leave straight away!

I didn't get a very good look at him
Perhaps he recovered after eating
Perhaps his wounds were not as severe as I thought

you are well
